CAREER OBJECTIVE

A passionate and solutions-driven Software Engineer with proven experience in developing full-stack web applications using modern technologies. Adept at designing clean, scalable, and maintainable systems with a strong focus on performance, security, and user experience. I am seeking an opportunity in a forward-thinking organization where I can contribute to impactful projects, collaborate with innovative teams, and continuously grow through challenging real-world problem-solving.

CAREER SUMMARY

Accomplished Full Stack Developer with a proven history of delivering enterprise-grade applications across diverse sectors such as ERP, ISP management, and e-commerce. Experienced in modern frameworks and programming languages including JavaScript, TypeScript, C#, ASP.Net Core, and SQL Server. Strong background in Agile methodologies, team collaboration, mentoring junior developers, and developing secure, high-performing software solutions.

KEY SKILLS AND EXPERTISE:

- **Full Stack Web Development (React, ASP.NET Core)** – Capable of designing and developing both client-side and server-side components of scalable web applications.
 - **Object-Oriented Programming (OOP)** – Strong foundation in OOP principles to build maintainable and reusable code structures.
 - **RESTful API Design & Integration** – Skilled in creating, documenting, and consuming robust and secure APIs.
 - **Database Management & Optimization** – Proficient in SQL Server & PostgreSQL with experience in schema design, complex queries, indexing, and performance tuning.
 - **Modern Front-End Technologies** – Expertise in HTML5, CSS3, JavaScript, TypeScript, Tailwind CSS, Ant Design for building responsive and user-friendly UIs.
 - **Version Control & DevOps Tools** – Proficient in Git, GitHub, GitLab, and basic CI/CD pipeline setup for automated deployment and code quality checks.
 - **Authentication & Authorization** – Experience with JWT, OAuth, and Role-Based Access Control (RBAC) implementations.
 - **Agile/Scrum Methodologies** – Comfortable working in Agile environments using tools like Jira, Trello, and participating in daily stand-ups, sprint planning, and retrospectives.
 - **Software Testing & Quality Assurance** – Knowledge of unit testing (xUnit, NUnit), integration testing, and debugging techniques to ensure high-quality software.
 - **System Design & Architecture** – Familiarity with microservices, MVC, clean architecture, and layered application design patterns.
 - **Cloud Services & Hosting** – Basic experience with cloud platforms like Azure or AWS (EC2, S3, Lambda) and deploying web apps.
 - **Containerization & Virtualization** – Understanding of Docker concepts for development and deployment consistency.
 - **Performance Optimization** – Skilled in identifying performance bottlenecks in code and database, improving load times and system responsiveness.
 - **Leadership & Mentoring** – Ability to guide junior developers, conduct code reviews, and share best practices to improve team productivity.
 - **Continuous Learning & Technology Adaptability** – Passionate about learning emerging tools, frameworks, and staying updated with industry trends.
-

PROFESSIONAL EXPERIENCE:

1. Software Engineer

Royal Green Limited (September 2020 – Present)

Responsibilities:

- Developed ERP modules including Business, Inventory, Sales, Purchase, HRM, and Ticketing
 - Built cloud-based portals for virtual machine (VM) management
 - Implemented key system integrations for ISP service management
 - Worked directly with clients to define and deliver project requirements
-

2. Software Engineer

ESOL (August 2018 – September 2020)

Responsibilities:

- Developed Security Services ERP modules (Inventory, Sales, Purchase) using ASP.NET MVC 5
 - Worked on sobkichu.com e-commerce admin panel, APIs, and payment gateway integration
 - Contributed to an employee tracking system for real-time location monitoring
 - Optimized database queries and performance for MSSQL 2014
-

3. Junior Software Engineer

Opus Technology (August 2017 – August 2018)

Responsibilities:

- Contributed to CRM and Sales modules of Credit Rating ERP
 - Built UI components using jQuery, Bootstrap 3.7, and ASP.NET MVC5
 - Developed and maintained stored procedures and SQL queries
-

EDUCATIONAL QUALIFICATIONS:

- 🏆 **MSc in Chemistry** – Dhaka College, 2012, Second Class (58%)
 - 🏆 **MSc in ICT** – Dhaka College, 2012, A+ 4.00(out of 4)
 - 🏆 **BSc in Chemistry** – Dhaka College, 2011, Second Class (52%)
 - 🏆 **HSC (Science)** – MA Hasem University College, 2006, GPA 4.30 (out of 5)
 - 🏆 **SSC (Science)** – AKP High School, 2004, GPA 4.56 (out of 5)
-

SPECIAL TRAINING SUMMARY:

1. **Web Development (Dot Net Development)**
Institute: BITM, Bangladesh | **Location:** Kawran Bazar, Dhaka | **Year:** 2017 | **Duration:** 3 months
 2. **Enterprise Systems Analysis & Design - C#.NET**
Institute: IDB-BISEW | **Location:** Dhaka, Bangladesh | **Year:** 2016 | **Duration:** 15 months
 3. **ICT (Information Communication Technology)**
Institute: Dhaka College | **Location:** Dhaka, Bangladesh | **Year:** 2015 | **Duration:** 1 year
-

HOBBIES AND INTERESTS:

- Web development and coding challenges
 - Reading tech blogs and exploring new tools
 - Contributing to open-source projects
 - Traveling, hiking, and photography
-

EXTRA-CURRICULAR ACTIVITIES:

- **Sports Participation** – Actively participated in football and volleyball tournaments at the school and college level, representing the institution in various local competitions. Demonstrated strong teamwork, leadership, and discipline on the field.
 - **Cultural Engagement** – Engaged in debates, drama, and singing at the college and university level. Developed strong public speaking, communication, and creative skills through active involvement in cultural activities.
 - **Community Service** – Volunteered in various community service initiatives organized by local NGOs, including blood donation drives and distributing food to the underprivileged. Contributed to the betterment of society and honed a sense of empathy and responsibility.
 - **Event Coordination** – Assisted in organizing annual college events, including workshops, seminars, and awareness programs focused on student development. Gained valuable experience in event planning, coordination, and managing team collaborations.
-

PERSONAL INFORMATION:

- Father's Name: Mojammel Hoque
 - Mother's Name: Ferdous Ara Begum
 - Date of Birth: June 1, 1988
 - Gender: Male
 - Marital Status: Married
 - Nationality: Bangladeshi
 - National ID: 7518313511809
 - Religion: Islam
 - Blood Group: B+
 - Permanent Address: Vill+P.O: Ambar Nagar, P.S: Sonaimori, Dist: Noakhali
 - Present Address: 1738 Ayes Prayas, South Mandha, Mughda, Dhaka-1214
